

I apologize, the research slide here has been taken down at the author's request. New Haven University has specified that this information isn't quite public yet.

In the meantime, please check out our complete list of Lyme disease books and DVDs, including works by top ILADS Lyme doctors such as Dr. Burrascano, Dr. Horowitz, Dr. McFadzean, and others:

PS – I will make the information available on Lyme disease and Stevia as soon as Dr. Sapi notifies me that it is public. Thank you!
